

Estate Planning & Administration

The Estate Planning & Administration Group of Knox McLaughlin Gornall & Sennett, P.C. has the diverse knowledge necessary to create anything from a basic will to the most sophisticated business succession plan.

Our primary estate planning goal is to develop strategies that maximize asset protection and wealth preservation for clients and their heirs. We listen carefully, understand thoroughly, and then strive to create estate plans that fulfill our clients' personal desires, family needs, business interests, and philanthropic goals at the lowest possible tax cost. Our dedicated and knowledgeable staff helps achieve these goals.

When the time comes to administer a plan, our attorneys work with our estate administration paralegals to provide the most efficient and best possible results. Our team of estate administration paralegals is the largest in the region, with more than 100 years of combined experience.
